In order to increase employee access to healthy food and beverage options at work, the Network for a Healthy California—Worksite Program is encouraging employers to implement the following healthy food and beverage standards in their onsite vending machines.

**FOOD STANDARDS**

**Mandatory Nutrition Standards**
At least 50 percent of foods served in vending machines should meet the following nutrition standards:

1. Have no more than 35 percent of its calories from total fat (not including nuts and seeds).
2. Have no more than 10 percent of its calories from saturated fat.
3. Have no more than 35 percent sugar by weight (not including fruits or vegetables; canned fruit must be packed in 100% fruit juice or water).

**Recommended Nutrition Standards**
At least 50 percent of foods served in vending machines should meet the following nutrition standards:

1. Have no more than 360 milligrams (mg) of sodium per serving.
2. Contain at least 2 grams (g) of dietary fiber per serving.
3. Until a standard becomes available, limit trans fat.

**Mandatory Pricing/Placement Standards**
1. Food items meeting the mandatory/recommended nutrition standards must be sold at a price that is equivalent to or lower than the price of the remaining items within the vending machine that do not meet these nutrition standards.
2. Food items meeting the mandatory/recommended nutrition standards must be placed within the top third of the vending machine so that they are visible at eye level.

**BEVERAGE STANDARDS**

**Mandatory Nutrition Standards**
At least 50 percent of beverage vending machine offerings must include:

1. Beverages that contain 100% fruit or vegetable juice with no added sweeteners.
2. Water.
3. Nonfat or 1% lowfat milk.
4. Beverages that are limited to a portion size no greater than 12 ounces (no limit on water). Note: If juices are available in smaller-sized portions (6 ounces), they would be preferred.

**Mandatory Pricing/Placement Standards**
1. Beverages meeting the mandatory nutrition standards must be sold at a price that is equivalent to or lower than the price of the remaining beverages within the vending machine that do not meet these nutrition standards.
2. Beverages meeting the mandatory nutrition standards must be placed within the top third of the vending machine so that they are visible at eye level.

**Iron 4%**

Note that there is no sugar or hydrogenated (trans) fats listed.

### HOW TO READ AN INGREDIENT LIST

- Ingredients are listed by weight, so the first ingredient in the list is the most abundant ingredient and the last is the least abundant.

- A good rule of thumb is to avoid products that list sugar, high fructose corn syrup, or trans fats (hydrogenated oils) as one of the first three ingredients.

### SAMPLE INGREDIENT LISTS

**Yogurt A –**

**INGREDIENTS:** CULTURED PASTEURIZED GRADE A NONFAT MILK, WHEY PROTEIN CONCENTRATE, PECTIN, CARRAGEEAN.

Note that there is no sugar or hydrogenated (trans) fats listed.

**Yogurt B –**

**INGREDIENTS:** CULTURED GRADE A REDUCED FAT MILK, APPLES, HIGH FRUCTOSE CORN SYRUP, CINNAMON, NUTMEG, NATURAL FLAVORS, AND PECTIN. CONTAINS ACTIVE YOGURT AND L. ACIDOPHILUS CULTURES.

Note that high fructose corn syrup is the third most abundant ingredient.
HEALTHY VENDING MACHINE OPTIONS

Non-Refrigerated Healthy Vending Machine Options

- Canned fruit cups
- Dried fruits, such as raisins, apricots, and apples
- Pretzels
- Baked chips
- Lowfat popcorn
- Whole grain crackers
- Lowfat granola bars
- Lowfat, whole grain cereals

Refrigerated/Frozen Healthy Vending Machine Options

- Vegetables, such as baby carrots, broccoli florets, and celery sticks
- Fresh fruit salads
- Fresh vegetable salads with lowfat or fat free dressing
- Packaged fruit slices, such as sliced apples
- Nonfat yogurt
- Nonfat cottage cheese
- Sandwiches made with vegetables and/or lean meats on whole grain bread
- Frozen 100% fruit bars
- Lowfat, whole grain cereal bars
- Trail mix
- Graham crackers
- Animal crackers
- Plain and salted nuts
- 100% fruit leather
- Fig bars
- Salsa with baked tortilla chips

HOW CAN I MAKE MY VENDING MACHINE HEALTHY?

If you are ready to improve the food and beverage selections in your vending machines, work with your employer to fax a letter similar to the sample on the right hand side of this page to your vending machine vendor. Choose as many healthy vending machine options as you want from the list of healthy vending items found in this tool.

Re: Healthy Vending Machines 
cc: 

Dear __________________,

In an effort to improve the health of our employees, I would like to improve the selection of healthy items in our vending machines. Below is a list of sample healthy options that I am interested in including in our vending machines.

Non-Refrigerated Healthy Vending Machine Options
• Canned fruit cups
• Dried fruit
• Pretzels
• Baked chips
• Lowfat popcorn

Refrigerated/Frozen Healthy Vending Machine Options
• Vegetables, such as baby carrots, broccoli florets, and celery sticks
• Fresh fruit salad
• Nonfat yogurt
• Water
• 100% fruit juice

Please contact me immediately to discuss this further. Thank you.

Sincerely,
