| **Data Source:** Bureau of Biometrics and Biostatistics, NYSDOH; NYC Office of Vital Records, NYC DOHMH)  
(Also, see: Focus Area – Maternal and Infant Health) |  |  |  |
|---|---|---|---|
| **Encourage and recruit pediatricians, obstetricians and gynecologists, and other primary care provider practices and clinical offices to become New York State Breastfeeding Friendly Practices.**  
Encourage daycare centers/homes | **Number of primary care practices that are designated as NYS Breastfeeding Friendly.**  
&  
**Number and demographics of women reached by policies and practices to**  
PH, FLBP, S2AY RHN, Corning Hospital, and Arnot Health to assist practices with achieving NYS Breastfeeding Friendly designation.  
Specific efforts of Corning Hospital include:  
- Meet with lactation consultant at Guthrie Medical OB/GYN practice to develop a plan to collaborate and support the practice (in order to encourage pre-natal and post-partum education).  
- Partner with Guthrie Pediatrics and FLBP / S2AY RHN: $3,300  
Corning Hospital: $1,000  
Arnot Health: 40 hours  
St. James: $300 | **Benefits of breastfeeding.**  
- Change physician order sets to include Lanolin for breast feeding moms and educate on its use.  
- Upon admission to the hospital, identify if they have received their breast pump; if not, ensure arrangements are made prior to patient discharge.  
- Commitment to have all RN’s within the LDRP unit to receive training on providing lactation support (currently around 50% of staff are trained).  
- Develop visual education materials for patient rooms  
Finger Lakes Breastfeeding Partnership (FLBP) and S2AY Rural Health Network (RHN) to assist hospital in increasing breastfeeding exclusivity at discharge through procurement of grants, offering trainings, networking, etc. PH serves as a member of the FLBP.
